Cullinan received an income of \$5000 a year as his profit and the net profits were turned over to Mr. Folger and Mr. Payne, who, in turn deposited the woney with the National Transit combany. Mr. Cullinan withdrew in 1901, and then became a manager of the company for two years, at a salary of \$8000 a year. Mr. Cullinan, the witness said, was at present president of the Texas Oil company, and reverting to the purchase of the Corsicana Oil company, Mr. Folger was asked why he and Mr Payne had purchased the Corsicans company.

Why Sale Was Made.

"Well, Mr. O Day all that spring spoke to me about the Corsicans company and felt concerned in having an oil plant in Texas. He wanted to get sway from Texas, and urged us to dispose of it. I understood that there was some levels to the trans which ome legislative trouble in Texas, which Mr. O'Day wanted to avoid." Mr. Folger testified that the Coreicana

I company sold oil in large amounts the Waters Pierce Oil company. Mr. to the Waters Pierce Oil company Mr Folger said he knew nothing concerning the Security Oil company of Texas. He said that Mr. Willer, who was formerly manager of the Security company, was now connected with the Bergen Point refinery, a subsidiary of the Standard. On cross-examination, Mr. Rosenthal asked Mr. Folger "if the sale of the Corsicsna Oil company was not made because of the tremendous anxiety of the National Transit company because of the legislative situation in Texas, of the legislative situation in Texas, and that it was willing to sell the Corsicana on any terms to you?"

"Yes, and to any one else," replied

Mr. Folger.
Mr. Rosenthal asked the witness if it was not a fact that after the last analysis was made all the Corsicana

analysis was made all the Corsicana sold for was \$415,000.

Mr. Folger replied that it was Mr. Kellogg, resuming the examination, asked the witness if he did not think it strange that the National Transit company should sell a plant for \$415,000 which had originally cost about \$700,000 and which could pay six per cent interest a year and then for itself in ten years. Ir. Folger said they could find no

other purchasers.

C. M. Crossman, who has charge of the freight and pipe line tariffs of the interstate Commerce commission, identified a schedule of oil tariffs made up the commission from statements of oil companies and railroads. Tariff lists submitted to the commission by the companies were also offered in evidence.

SENDING OF BRIBE MONEY WAS USELESS

SAN FRANCISCO. Sept. 25.—Twice today during the Tirey L. Ford trial,
wherein the chief counsel for the United
Railroads is charged with bribery of publie officials, it was affirmed that confessed bribe-takers, members of the
Board of Supervisors, would have voted
to grant the United Railroads a franchise
for an overhead trolley without the use
of the money which is alleged to have
been so lavishly distributed James L.
Gallagher, former chairman of the Board
of Supervisors, explicitly declared his
belief that the franchise could have
been secured without any attempt to
influence the opinions of the members.
Supervisor Samuel Davis, the only other Supervisor Samuel Davis, th supervisor Samuel Davis, the only other witness of the day, reliterated this assurance on his own account.

Gallagher occupied the stand during the four hours of today's session and every sorap of testiment he gave was threshed out by the attorneys for either side. To Davis scarcely an hour was devoted.

devoted.

It developed that Gallagher had arrived immunit yfor himself and the ther members of the board in the course two or three interviews with Mr. presides, held near the entrance to the residio, which Gallagher said he seried as one of the most secluded spots little city.

RUNNERS AND HARNESS HORSES FOR THE FAIR

Horsemen Are Getting Ready to Pull Down the Big Purses.

Wednesday for the State Fair races, which commence next Monday afternoon. Dye brought in five head of runners from Reno, Nev., of which Little Phil and Cash Day are the best. Joe Wren of Spanish Fork brought in a car of harness horses and runners, and all the Sait Lake horses which were at Spanish Fork also arrived yesterday and were taken to the fair grounds to continue their training for the coming races. There will be at least twenty runners at the track and the betting ought to be lively.

Interest in Pigeon Exhibit.

The pigeon exhibit for the coming fair will no doubt be the best ever held within the State as many inducements have been offered for pigeons. Each color of every variety will be judged separately. The association has provided plenty of large cages, and a competent judge, who will give the birds the most careful consideration. Over seventy pairs have already give the birds the most careful considera-tion. Over seventy pairs have already been entered. Those desiring to enter birds for competition should have them registered at the trate Fair office, 56 West Third South, on or before Saturday, the 28th of September, and all birds must be at the Fair Grounds by Sunday, the 29th. Further information can be had by calling upon Horace S. Ensign, secre-tary, 56 West Third South.

Cinnamon Teal Leaving.

Cinnamon Teal Leaving.

The last few cold nights have started the flight southward of the cinnamon teal. By the first of October, which is the opening of the duck season in Utah, very few of the above species of duck are left, all having gone south. This is one of the best eating ducks that fles, but the Utah hunters are barred from shooting it. It is the opinion of a great many sportsmen that the law should open fifteen days earlier and close about February 15. The blue winged teal remain longer and generally travel with the mallards.

No Sunday Skating.

Manager O'Mara announces that there will be no Sunday roller skating at the Auditorium during the coming sesson, which opens October 1. Many special attractions will be arranged for during the winter, and the management will secure some of the best skaters in the world to give exhibitions of fancy akating and also to compete in special races and for the state championships.

Nimrods Will Meet.

The members of the Morris Duck club will hold a meeting tonight at 224 South Main street. The matter of incorporating the club will be taken up and the new club will also make arrangements to build a club house for the members and stables for the horses.

Today these stores will solicit the closing of other places of business and it is believed that the solicitation will be heeded generally.

Salt Lake County day will be one of the biggest of the fair. Nearly every one connected with the fair and many outsiders are boosting the day and several unusually good attractions are booked, among them horse races, balloon ascensions and a big barbecue.

A proclamation similar to the one issued by the Governor will be declared by Mayor John S. Bransford.

The directors of the association held a meeting Wednesday and at its close announced that, in addition to the prizes already offered for exhibits in the fine arts department at the coming fair, they have decided to give the following special premiums in that department, amounting in the aggregate to \$125:

Best original portrait in oil, \$40, best original portrait in water color, \$25, best original portrait in water color, \$5, best original portrait in water color, \$5, best original portrait in still life, \$5, best original etching, \$10, best original specimen of sculpture (in addition to gold medal), \$25; best original specimen of sculpture (in addition to gold medal), \$10; best original specimen of wood carving (in addition to gold medal), \$10; best original specimen of turned pottery, \$5, Nephl L. Morris, J. M. Marriott and Morris Friedman have been named as judges of exhibits in department No. i, manufactures, of the State fair.

One of the features of the fair will be a pigeon exhibit. Seventy pairs of fancy pigeons have already been entered Several large cages have been secured for the exhibit. The Panoramic company of this city will exhibit a picture of the first ox train that entered the valley in 1547.

WYOMING UNIVERSITY BEGINS FALL TERM

Special to The Tribune.

LARAMIE. Wyo., Sept. 25.—The thirty-first annual session of the University of Myoming began its fall term here today, with a larger attendance from outside points than for several years. Among the States represented in the list of new students are Wyoming, Utah, Colorado, Nebraska, Ohio, Michigan and Wisconsin, one student being present from Sweden. The faculty has approved the elective course in domestic art, two hours a week, and household economics, three haurs a week, and household economics, three haurs a week, the latter required of the girls in the freshman and sophomore classes, elective to other girls in the college. Fresident Tisdel was re-elected chairman of the faculty, Prof. J. F. Soule secretary and Dr. Aven Nelson treasurer. The Legislature has provided for a domestic science and girls' dormitory building with Miss Stoner in charge. Until the building is ready the department will find quarters in Science Hall, where a laboratory has been fitted up.

Infirmary Burns, Inmates Bacape. WAPAKONETA, O. Sept 25.—The county infirmary was destroyed by fire today. All of the forty-eight inmates escaped without injury. Several who did not hear the slarm had to be carried out through the flames. Loss, \$100,000.

CHARGE MURDER IN THE FIRST DEGREE

Ogden Coroner's Jury Finds Beers Met Death With Walker and Lawrence.

WARRANTS ARE SERVED ON PRISONERS IN JAIL

Letter of Mrs. Walker to Mrs. Beers Pronounced Fake by Attorneys.

OGDEN, Sept. 25 .- County Attorney Nathan J. Harris today adjourned the famous Beers inquest until 2:30 p. m. in the hope that the two Hull women would arrive from Salt Lake at that time and testify. They did not appear, and the consideration of the evidence was given to the Coroner's jury by Judge Murphy. At 4:35 p. m. the jury returned the following written verdict:

An inquest having been held at Ogden, county of Weber. State of Utah, on the 23rd, 24th and 25th day of September.

A D. 1907, before the Hon. J. D. Murphy, municipal judge and exofficio precinct Justice of the Feace, within and for the city of Ogden, Ogden City precinct, in said county and State, upon the body of Earl S. Beers, there lying dead, by the jurors whose names are hereto subscribed, the said jurors upon their caths do say, that said Earl S. Beers died Friday, September 20, 1907, from the effects of injuries received during an encounter which took place behind locked doors Wednesday morning. September 18, 1907, between the bours of 9 and 10. famous Beers inquest until 2:30 p. m. doors Wednesday morning, September 18, 1967, hetaven the hours of 9 and 16, in the rear room of the Electric Supply in the rear room of the Electric Supply and Fixture company's place of business on Washington avenue in Ogden City. Utah, said rear room being occupied at the time of the encounter by the deceased, F. C. Walker and A. E. Lawrence.

In testimony whereof the said jurors have hereunto set their hands the day and year aforeseld.

Warrants for Murder.

Warrants for Murder.

Imediately on the receipt of the verdict the County Attorney filed a complaint, sworn to by Chief of Police Thomas E. Browning, charging Fred C. Walker and A. E. Lawrence with murder in the first degree, and the warrants were issued and served on the two men in the city jail.

The complaint cites that Fred C. Walker and A. E. Lawrence on Wednesday, September 18, "committed the crime of murder, feloniously, wilfully and of deliberately premeditated malice

and of deliberately premeditated malice aforethought, make an assault upon Dr. Earl S. Beers with their fists and feet and with certain dangerous weapons, to the affiant unknown, the said Law-rence and Walker there and then held in their hands, striking and beating upon the face and the body of the said Lawrence did kill and murder the said Earl S. Beers."

Letter Was a "Fake."

In connection with the alleged letter said to have been received by Mrs. Beers addressed to Dr. Beers, from Mrs. Walker, the attorneys on both sides say it was a 'fake' and that Mrs. Beers did not receive such a letter. They both admit the telegram because they saw it, in which Mrs. Walker asked to be advised as to the condition of Dr. Beers. This was the telegram that has not and will not be answered, but County Attorney Harris says that Mrs. not and eers told him that the letter from Mrs Walker contained three pages and re-fused to show it to him. Attorney W. R. Hutchinson, for the defense, says that Mrs. Beers told him it contained

fifteen pages, and she claimed she had destroyed it without showing it to either of these attorneys, with both of whom she was on intimate and friendly terms, nor to any newspaper man. Their conclusion is that the last letter was a myth, and its existence given out for purpose. Walker and Lawrence cannot at once

be released on bail, owing to the mur-der charge being made in the first de-gree, and only upon the granting of a bond by the District court or by the Supreme court can release be allowed.

The Story of a Medicine.

Its name-"Golden Medical Discovery was suggested by one of its most important and valuable ingredients - Golder Seal root.

Nearly forty years ago, Dr. Pierce dis covered that he could, by the use of pure triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native me dicinal roots their curative properties much better than by the use of alcohol so generally employed. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Toe much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the affections that lead up to separamention.

Real Estate Association Issues an Address to Salt Lake Public.

WOULD PROSECUTE THE COMBINATIONS

of the Salt Lake Real Estate associ ation, Wednesday at noon, in the rooms of the Commercial club. Practically the entire session was devoted to the con-sideration and discussion of the present crusade against the increase in the cost of foedstuffs, coal, etc. At the close of the meetings the following address to the peeple of Salt Lake was given

out:

The Sait Lake Real Estate association reaffirms its former statement that it will put itself at the front of the fight of the people against all combinations operating in Sait Lake to increase the cost of food-stuffs, coal and building materials, and as evidence of its good faith in this respect has contributed \$500 to a fund for the employment of special counsel to proceed against said combinations under the law. It still maintains its office at 56 West Third South street, in the Utah Chamber of Commerce, and will still receive subscriptions which, ander its former declaration, it will expend against the trusts in association with a committee to be upointed at a mass meeting of the citizens.

in association with a committee to be upointed at a mass meeting of the citizens.

The association will not solicit funds nor make the fight a personal one. It simply offers the people leadership. If the people desire to respond with subscriptions, it will receive them and expend them as aforesaid, faithfully and intelligently. It still is up to the people to fight the trusts. The Real Estate association will do its part. The cost of living in this community has become so high that Salt Lake City has become notable in the United States. How long the people will continue to bear the indignity of trust combinations, how long the people can afford to pay the exorbitant prices dictated by trade combinations, are questions that are distinctly up to them.

It was also announced at the close of the session that a special meeting of

he session that a special meeting he association would be held at o'clock Saturday evening, at the Utah Chamber of Commerce, to dispose of various matters demanding the atten-tion of the organization.
